FACE (Fighting Against Child Exploitation) is a group of young people, male and female, who are aware of the dangers of grooming and sexual exploitation.
Some relationships may seem good and exciting. It’s sometimes hard to see when a relationship is bad because at first it may seem so good or so much fun.

Is this you?

- Do you chat to people online you have never met?
- Keep secrets about where you are going and who you see?
- Are there things at home that make you upset?
- Do you go missing from home?
- Are you in trouble with the Police or hang around with nowhere to go?
- Do you feel sad, depressed or angry?
- Do you smoke, use drugs or alcohol?
- Are you being bullied?
- Are you out of school and bored?
- Do you hang around in gangs or with older people?

What is Child Sexual Exploitation (CSE)?

You might feel as though you are special and loved. You may get gifts, money, a new phone, drugs or alcohol or be part of a gang. But you may be persuaded to do sexual things in exchange for gifts or affection. You may feel you have to do this to fit in or feel more like an adult. Sexual exploitation is a situation or relationship where one person has more power and control over the other. You may be in a situation where you slowly become abused.
