## Introduction to Mentors in Violence Prevention

This 2 hour webinar introduces the Mentors in Violence Prevention (MVP) programme. MVP is designed to help young people speak out against bullying, violence and abusive behaviour. MVP improves the culture inside any organisation or community. MVP works because young people become the trainers and influencers. No longer are teachers the only ones who manage negative behaviour.

With MVP it is the pupils themselves who play just as big a part and ensure good behaviour exists within their school and local community. The programme helps reduce the number of temporary and permanent school exclusions by providing young people with leadership skills and challenging unacceptable behaviours.
